PROGRESS MADE BY CHURCH DURING THE PAST YEAR. First Methodist Congregation Increases Pastor's Salary—New Members Received—No Debt.

The last quarterly conference of the First M. E. church was held Monday evening, with a full attendance of the board. Rev. Mr. McElfresh of Zanesville, presided. Reports were received from all the different committees of the church, which showed very gratifying results for the year. The pastor, Rev. L. C. Sparks, reported 148 new members received into the church during the year, \$525 paid to missions. The collections for other benevolent purposes far surpassed those of previous years. The treasurer reported all bills paid to date, leaving a balance of \$104 in the treasury. The question of increasing the pastor's salary from \$1000 to \$1200 per year, was voted upon, and passed unanimously in favor of the increase. A committee of five was appointed to attend the conference, which is to be held at Portsmouth, to look after the return of Rev. L. C. Sparks to this city.

AMUSEMENTS In "An Indiana Romance," which will be the attraction at the Auditorium Thursday, September 24, the acting company is of prime importance to the successful presentation of the play. One of the best bits of work done by any member of the cast is that done by Miss Etta Dean as "Kathleen Ramsay." This fine actress, who is a woman of many accomplishments and of more than the average personal beauty, was formerly with T. D. Frawley's celebrated stock company. Her work with Mr. Frawley attracted so much attention that she was specially engaged to create the role of Kathleen in "An Indiana Romance," and that the selection was well made is evidenced by the fine criticisms she is everywhere receiving.

LAST NIGHT'S BILL. Some people have said that it takes farce-comedy or a rural drama to fill the Auditorium and delight the people, but those who saw the performance at the Newark theater last night were soon convinced that a really good attraction could not only draw a crowd, it please it as well. "When Knighthood Was in Flower" was the bill, with Miss Roselle Knott as Mary Tudor and Frank Sylvester as Charles Brandon. Miss Knott and Mr. Sylvester were given several curtain calls and the entire company was heartily applauded. It was a really splendid performance and the large audience was delighted.

Asthma and Hay Fever Cured. The truly marvelous cures of Asthma, which are being effected by Dr. Schiffmann's Asthma Cure certainly call for notice. Rev. G. L. Taylor, of Washburn, Ill., says: "Some 7 years ago my wife used several packages of your Asthma Cure which resulted in a permanent cure."

A Hay Fever sufferer writes: "I have been a sufferer from Hay Fever for over 20 years, and it seemed harder every year. The first night I used your Asthma Cure I was greatly relieved. It entered my nostrils after using a few times. I shall recommend it to all sufferers of Hay Fever." Mrs. Martha Simerson, Laingsburg, Mich. Sold by all druggists at 50c and \$1.00. Send 2c stamp to Dr. R. Schiffmann, Box 295, St. Paul, Minn., for a free trial package.

NOW IT'S THE SOCIETY OF WARSHIP SPONSORS. The Girls Who Smashed Champagne Bottles on the Bows Organizing.

Milwaukee, Wis., Sept. 22.—A Society of Warship Sponsors is being organized among the young women who have christened American warships, and it promises to be the real exclusive organization of the land.

Many of these young women, who are eligible for membership, are the daughters of governors of states, senators or mayors of the big cities, represented in the naming of the navy. The society will last as long as the nation, for with the advent of a new warship another sponsor's name will be added to the society's list.

The society has not yet been formed, but several of the charming young women who have the right to proceed are exchanging letters. The leader in the movement is Elizabeth Stephenson Morgan, sponsor of the battleship Wisconsin.

These eight have, it is said, enrolled their names: Mary Preble Anderson, sponsor for the Maine; Sue Quay, to be sponsor for the Pennsylvania; Cora Peabody, sponsor for the Colorado; Katherine White, sponsor for the West Virginia; Miss Brown, sponsor for the Maryland; Elizabeth Stephenson Morgan, sponsor for the Wisconsin; Elsie Macomber, sponsor for the Des Moines; Isabelle Truxton, sponsor for the torpedo boat Truxton.

Elizabeth Stephenson Morgan, daughter of Isaac Stephenson, Wisconsin's richest man, has the distinction of being the first battleship sponsor to say "I name thee" instead of "I christen thee." A splendid bronze bust of the beautiful young woman, paid for by the officers of the Wisconsin, adorns the captain's cabin.

UPSET The Tall Wagon Throwing Three Men Off, Injuring One, Mr. Farabee Being Hurt.

What might have been a serious accident was caused shortly after noon today by the overturning of the new tower wagon used for repairing the trolley wire by the Newark and Granville street railway company.

Three workmen, J. Simmons, of Zanesville, Fred Trapp of Detroit, and N. G. Farabee of Orchard street, this city, were tightening the trolley wire at the corner of West Main street, and Third street, when the horse attached to the wagon moved. The wheels were overturned, throwing the three men to the pavement below. Farabee was slightly injured but the other two escaped without a scratch.

A large crowd collected and street car traffic was suspended around the corner for a brief period.

The phonetic sense of the English-speaking race has been rendered so defective by the confused orthography of the tongue that to different men the same combination of letters will convey different sounds. This makes a standard impossible.

Joseph Grimes, the largest man who habitually rode a bicycle, died recently at his home in Cincinnati.

"Big Joe" was a curious "freak" and weighed 334 pounds. Measurements taken shortly before his death were: Height, 6 feet 4 inches; around the neck, 26 inches; around the shoulders outside the arms, 93 inches; around the shoulders under the armpits, 67 inches; waist 72 inches; legs at thigh, 48 inches; and at calf, 27 inches.

"Big Joe" was of a jovial disposition. "Big Joe" was of a jovial disposition, and made many friends. For some years he traveled as an advertisement for a bicycle, and was a familiar figure at L. A. W. meetings.

Russia is now to build six battleships which will be larger than any hitherto constructed and will have a much greater radius of action.

Another "largest automobile in the world" is a harvester in southern California. The machine is 60 feet long and 30 feet wide. The motive power is furnished by oil. Eight men are required to run it. As the machine starts off the grain begins falling in sacks on the opposite side from where it is cut and the straw drops into a cart behind.

EVERY LYNCHER IS A MURDERER SAYS CHIEF JUSTICE

Of the Delaware State Supreme Court in His Charge to the Grand Jury. What He Says.

Wilmington, Del., Sept. 22.—Chief Justice Lore, of the Delaware supreme court, delivered a strong charge to the grand jury, which is considering the criminal work of the county courts. After reciting the details of the murder on June 15 of Helen Bishop by George White, and the subsequent lynching of White by a mob, Justice Lore said:

"No good citizen, we are persuaded, can regard the lynching of George White in any other light than as a brutal crime and as a flagrant violation of law.

"Gentlemen, in this country we make our laws; they are our will for many expressed. It is the duty of every good man to obey the law himself and see that it is obeyed by others as far as he may. Lynching is a crime against the law of both God and man. Every willful participant in such an act is a murderer. No man has a right to commit that crime because he believes or fears that some other person who is entrusted with the execution of the law will fail or has failed, in the performance of his duty.

"Under the law we know what our rights are, and in the main we find that they are fairly attained and enforced. No human laws or human institutions are perfect. This no reasonable man will expect.

"Lynching and mob law, the promoters and encouragers, whether they be of high or low degree, should receive no favors at the hands of thoughtful and patriotic men. There must be government or non-government. The line of cleavage is clear. All history teaches that the prevalence of mob law is the end of free government. Obedience to law is the life blood of our republic.

"In obedience to the oath you have taken and to your duty to your state, we ask you so to act that the crime of lynching may be suppressed in this state, so far as by your action that end may be attained, and that the perpetrators of this crime and the authors of the disgrace that has come on us through their crime shall be dealt with according to their just merits.

"To you the people look for the faithful, fearless and honest discharge of your duty. They ask nothing more, and expect nothing less."

### NEWS IN BRIEF.

**Clerks' Meeting.**  
Retail Clerks' Local Union No. 179  
will meet this evening.  
**In Police Court.**  
The Charles Rogers arrested for  
drunkenness is not the Charles Rogers  
employed at Murphy's grocery.  
**Senior Luther League.**  
The social session of the Senior  
Luther League will meet this evening  
at 7:30. Business of importance.  
**Will Live in Newark.**  
Mr. and Mrs. Chas. Henfling of Terre  
Haute, Ind., will make Newark their  
future home, Mr. Henfling having ac-  
cepted a position here.  
**Mr. Irwin Badly Hurt.**  
Mr. A. P. Irwin who was very seri-  
ously injured at the Jewett Car  
Works on Saturday, is still in a critical  
condition at his home on Second  
street.

**Inside Real Estate.**  
We offer a number of the best real  
estate deals to be had in the city. New-  
ark Real Estate and Improvement Co.,  
14 N. Park Place. Office open even-  
ing. Both 'phones. 9-18-ft.

**'Squire Holton Moves.**  
'Squire W. F. Holton, who has just  
retired from the county commission-  
er's office, has moved to Wilkins' Run,  
and desires to have all mail directed  
to Newark R. F. D. No. 8.

**CALIFORNIA PRUNE WAFERS**  
A pleasant and agreeable laxative, palatable,  
yet effective. Prescribed by physicians, and  
recommended by all druggists as an invalua-  
ble substitute for mineral pills and castor oil.  
**100 Wafers 25 Cents.**  
Sold by E. T. Johnson, A. F. Clayton and  
City Drug Store.

**Police Court Correction.**  
An arrest for drunkenness by the po-  
lice often results in the offender giving  
a fictitious name. Such was the case in  
yesterday's police news. The party ar-  
rested who gave the name of John  
Thomas does not live in the city and,  
therefore, the name does not apply to  
any gentleman of that name who is a  
resident.

**First Presbyterian Church.**  
The First division of the Purple Bag  
Society of the First Presbyterian  
church will hold their monthly social  
in the church parlors Thursday even-  
ing, September 24. Ladies of the  
church and especially the gentlemen  
are cordially invited. These meetings  
should be well attended.

**Thirty-First Regiment.**  
The Veterans of the 31st Ohio reg-  
iment are holding their annual reunion  
today at Logan, Ohio. Co. H, of that  
regiment enlisted in Licking county  
under Captain John Putnam. The sur-  
vivors residing in Newark are Capt.  
John H. McCune, David H. Barrick,  
Anson B. White, 'Squire James R.  
Atcherley, George Wilson and Dr. J.  
W. Alexander.

**The County Fair.**  
What promises to be the most elab-  
orate exposition and fair ever held in  
Licking county will be held at the "Old  
Port" on September 29 and 30 and Oc-  
tober 1 and 2. Already the list of en-  
tries indicates that this year's fair will  
be the most successful ever held. From  
all parts of the county come reports  
that the country side is coming en-  
masse, and all Newark is making pre-  
parations to patronize the fair and en-  
tertain one of the largest crowds in the  
city's history.

**Senior Luther League.**  
The Senior Luther League will con-  
vene this evening in its regular lit-  
erary and social session at St. Paul's  
church. Miss Martha Schindel will  
present a paper on "Temperance Work  
in Ohio," followed by a chapter from  
the reading course on "Zenace  
Work." The social session will be in  
charge of Mrs. F. H. Ottman. The  
Misses Josephine and Nellie Dupler,  
Prof. Ottman and L. Evans. Members  
and friends are invited.

### THE COURTS

#### HALL DIVORCE CASE IS TAKEN UNDER ADVISEMENT.

Judge Seward Will Render Opinion  
Next Monday on the Natural Gas  
Case—Realty Transfers.

Common Pleas court was engaged  
Tuesday in hearing the evidence in  
the case of Emily Hall vs. Wm. M.  
Hall. Plaintiff asks for divorce and  
alimony, extreme cruelty being one of  
the allegations in her petition. The  
parties live near Utica. Davies, Edw.  
Kibler: Hunter, Smythe & Smythe.  
The case was taken by the Court un-  
der advisement.

**Other Cases.**

**RICKUS BOUND OVER.**  
Fred Rickus, who was discharged  
by Mayor Chilly on a charge of be-  
trayal brought by Dorothy Miller, was  
arraigned on a paternity charge before  
'Squire Atcherley Monday afternoon,  
the affidavit being filed by the Miller  
girl. Rickus was bound over to the  
grand jury in the sum of \$400.

### KILLED HIMSELF BECAUSE OF GIRL

New York, Sept. 22.—Unrequited af-  
fection for a beautiful New York girl,  
whom he met abroad, is said to have  
been the motive for the suicide of John  
David Kilpatrick, a wealthy young  
Westerner who shot himself through  
the heart in his apartments in the Ho-  
tel Martineau.  
Kilpatrick was a son of the late  
David Kilpatrick, of Beatrice, Kan., a  
millionaire associate of the late Col-  
lis P. Huntington, whom he aided in  
building up the Southern Pacific rail-  
road.  
The suicide was only 24 years old  
and was worth almost \$1,000,000.  
At the opening of the Spanish-Amer-  
ican war young Kilpatrick was attend-  
ing the University of Michigan.  
He left college and enlisted in the  
Michigan volunteers. He served in the  
Philippines.

### PARENTS

Have Forgiven Their Daughter but  
Will Prosecute Person Who Swore  
to Girl's Age.

Vincennes, Ind., Sept. 22.—Charles  
Buck, 22, and Carrie Chambers, 17,  
playmates from childhood and living  
on adjoining farms in Vigo township,  
secured a license to marry Saturday.  
Miss Chambers' father heard of it and  
forbade their marriage. They secured  
a horse and buggy and drove to vari-  
ous towns. Monday after a trip of 100  
miles, they reached Edwardsville,  
where they aroused 'Squire Ruble and  
he united them in marriage. Parents'  
forgiveness has been granted, but Mr.  
Chambers says he will prosecute the  
man who swore to his daughter's age  
when the license was granted.

The American cattle and fresh-meat  
trade with France is practically nil,  
due in great part to the rigid sanitary  
measures prescribed by the French  
government for the inspection of cattle  
and fresh meats imported into France.

**A TRULY DEMOCRATIC PLANK.**  
There is one plank in the Democratic state platform that is Democratic in the fullest and broadest sense—Democratic in lineage and education, and Democratic "from away back," to use a colloquialism.  
This is the resolution relating to the improvement of the Ohio river and the preservation and restoration of the canal system of Ohio, especially the latter.  
It was the canal system that made the great state of Ohio what it is; that is to say, made it possible to be what it is today. It originated with and was pushed to a successful conclusion by Democratic legislators and Democratic state officials.  
The meaning of this canal system was, as John Brough, who once was the Democratic state auditor, so well said in a public address, "the means whereby the state lived an hundred years of growth and development between 1830 and 1855, and was thus enabled to start even in the race with the old states when the epoch of new things came with the last half of the nineteenth century."  
Now what was the importance of the canal system originally? That, through its connections, it opened up a highway

of transportation between the rich valleys, valuable forests and natural products of Ohio, and tide water at New York. It furnished a line of transportation that made it possible to sell the products of the Ohio valley in the markets of Europe, which had theretofore been impossible.  
We are prone to look lightly on the original importance of the canal system. And yet from the very moment of its inauguration it multiplied property values in the state from five to twenty times each twelve months, as shown by the state statistics and especially the state auditor's contemporaneous reports.  
In due course of time, and at no distant day, the Isthmian canal will be constructed. That will create such a change in the world's commercial currents that the tide water of the south and the southwest will be ten times more important to Ohio than the tide water at New York, or any other eastern point.  
We ought to begin to prepare now for what is coming; to get ready to send and receive our tonnage to and from the far east and the far west direct through an improved canal system by way of the Ohio and the Mississippi, at a rate so cheap and by a transportation system so capacious as to give this valley the command of the situation.  
With the Isthmian canal completed and the Ohio river improved, as it readily may be, so as to be navigable the year round, and with these the canal system of the state restored and modernized, the products of Ohio would be practically on the southern tide water. Nor is that all. The statesmen of New York see what is coming and intend to spend \$100,000,000 to enlarge the Erie canal, so as to tap our resources on the north, by the water line, thus insuring the double advantage of ports and transportation competitors.

### REV. MR. BOPE

NOT THE ONLY MINISTER WHO HAS BEEN THREATENED.

Episcopal Rector is Anxious for the Investigation to Begin—Letters of Sympathy.  
  
Zanesville, O., Sept. 22.—Since the publication of the facts regarding threatening anonymous letters sent to Rev. Frank W. Bope of this city, it develops that other prominent ministers of Zanesville have been recipients of similar communications from time to time during their pastorate here.  
Several popular pastors who ask that their names be withheld state that Rev. Mr. Bope has not been the only victim of persecution.  
In every case however, the minister thus assailed has paid no attention whatever to his tormentors and the public has not been allowed to know it.  
Rev. Mr. Bope states that he is impatient for the ecclesiastical investigation to begin. He says that he does not know whether W. A. Gibbs, who has openly denounced him, would appear before the church authorities, but that if he does he is willing that the public should learn the full truth with regard to every charge Mr. Gibbs might bring against him.  
Mr. Bope has been the recipient of hundreds of telegrams and letters expressing sympathy.

## STRONG REPLIES

### Made By Johnson and Clarke to Republican Speeches at Chillicothe Opening—Democratic Candidates Talk to Thousands of Miners and Farmers.

New Straitsville, O., Sept. 22.—Several thousand people, consisting of miners and farmers, who came from miles around, listened to able speeches from Mayor Johnson and John H. Clarke last night, who made replies to the Republican speeches at the Chillicothe opening last Saturday. Mr. Clarke in his speech said:  
"At an expense fully half as much as the Democratic party will incur in the whole campaign, the Republican managers succeeded in gathering few if any more people than the Democrats at the Akron meeting, for which there were only three notices, the Republican managers bringing the people to their speakers at a great expense. The Democratic speakers go to the people in their own homes. They meet them face to face and tell them what they believe in and what they will do if the people give them the power. At the opening in Chillicothe Senator Hanna characterized as Anarchistic, Populistic and Socialistic the doctrines which we are carrying before the people. And so alarmed was he at the thought that the people of Ohio might believe in these doctrines that, in a fine fit of religious enthusiasm, he cried out to heaven: 'God help us in our efforts to prevent the people of Ohio committing political suicide.' We say all the people should ride for two cents a mile on steam roads, the man with 30 cents as well as the man with \$30. Senator Hanna says that is Anarchistic doctrine, and cries out: 'God help us to prevent two-cent fare on railroads.'"  
"We say the people shall have equal taxation and home rule. Senator Hanna says that is Populistic, and, therefore, God should help the Republican managers to prevent it."  
"We say that the fee system in county offices shall be abolished. Senator Hanna says that is Socialism, and cries out: 'God help us maintain the extravagant system and prevent the abolition of the economical salary system. God help us! God help us!'"  
"Such is Senator Hanna's statesmanship as expressed in his speech at the Chillicothe opening. Think of it, men of Perry county."  
Mayor Johnson said of the Republican opening:  
"I understand that in order to get a crowd they offered in Cleveland two lunches and a free ride. We don't do business that way. We go where the crowds are. We don't carry bands because we like to make all the noise ourselves. Senator Hanna in a speech answered our arguments by throwing mud at the Democrats of Ohio and calling hard names. He says I am a pestilence. A pestilence, you know, is something that sweeps over the state like wildfire. He calls me a carpet-bagger. Well, I've been here twenty years. Senator Hanna does not advance a single reason why he should be re-elected senator from Ohio except that we are Anarchists and a whole lot of other things and winds it all up with 'God help us.'"  
"Frankly, my friends, I believe Senator Hanna will need more help than he is going to get from the people of Ohio."

## CITY COUNCIL

### Adopts Resolution Inviting Other Gas Companies to Come to Newark—Settlement of Damage Suit Recommended—Bond Issues for Special Improvements—Resolutions.

The City Council Monday night adopted the following resolution inviting natural gas companies to submit propositions for furnishing gas to the citizens of Newark:  
Whereas, There is considerable agitation at this time regarding what is considered an unjust demand on the part of the Newark Natural Gas and Fuel company, now furnishing gas to the citizens of Newark, regarding the rule forcing its patrons to use gas by meter only, and  
Whereas, This Council is in a position to in a manner protect the interests of the citizens in this respect by offering to an honest competitor a fertile field for operation, believing that gas can and will be furnished to the citizens of Newark much cheaper to day than at time franchise was granted on account of the many new fields discovered near this city, therefore be it  
Resolved, That we, the Council of the City of Newark invite other companies to submit to this body propositions for furnishing gas to the citizens of Newark. Be it further  
Resolved, That a copy of these resolutions be published in the Newark papers.  
The City Council met Monday evening in regular session, all members answering roll call, and President Rossell presiding.  
The finance committee reported favorably to adopting the ordinances for the issuance of bonds to borrow money in anticipation of the collection of the special assessment for the paving of Elmwood avenue and Cedar street and for the construction of sewers on NorthFourth street, Woods avenue and Hoover street. The report was adopted.  
The street committee reported in favor of the extension of the water mains on Union street, Linden avenue, Central avenue, Clinton street, East Locust street, Fourth street, Hancock and Indiana streets. The report was adopted.  
The committee on public safety reported that the city had no jurisdiction in the dispute arising from the joint use of a chimney by the families of John Vogel and Bradford Bollwine, on South Second street, which had been referred to the city council.  
A petition, signed by the property owners on the east side of Flory avenue from Locust street to Church street, for the construction of sidewalks, was read and referred to the street committee.  
A petition from the property owners on Vale street was read and referred to the street committee.

**FOOD CAUSE AND EFFECT.**  
  
**The Effect:**  
Your great-grandfather was a hale and rugged man because his staff of life was natural food—whole wheat. That was before the white-flour-cruelty to the system—before sustaining parts of the whole wheat were removed in white flour milling. All about us today we see physical and mental weaklings whose pitiable condition is the result of eating unnatural foods—people with part of their bodies starving.  
  
**The Truth:**  
People with whole health eat natural food—sickly people eat pies, mushes, and white flour products which are unnatural foods because essential parts of the wheat have been removed and are not present in them. The natural food is Shredded Whole Wheat Biscuit.  
  
**The Reason:**  
In it are contained the precise elements in the exact proportion required by nature for the complete nourishment of the body and mind—nothing added and nothing taken away—an undisputed natural product.  
  
**The Proof:**  
To Natural Food Co., Niagara Falls, N. Y.  
Gentlemen: I was irritable and dull two hours after eating and until for work. I gave up eating white bread, pies, and the like, and tried Shredded Wheat. In a single week I felt a great change in my system for the better. I have been using Shredded Wheat for about six months now and have splendid digestion, feel bright and alert after eating, and am physically stronger than I have been in fifteen years. You have a wonderful food.

## "BILLY" STAUGH

MEETS WITH ACCIDENT IN INDIAN TERRITORY.

In Jumping From Engine Which He Was Firing His Leg Was Crushed and Amputated.

The following letter has been received from Arthur Bly, of Vinita, I. T., by Mr. James Farrabee, regarding the accident that recently happened to "Billy" Staugh, a well-known Newark boy, in that section of the country:

Vinita, Indian Ter., Sept. 18, '03.

Mr. James Farrabee, Newark, O.:

Dear Sir—I thought I would drop you a few lines to let you know how "Billy" Staugh is getting along, as I have heard him speak of you quite often. He doesn't know I am writing this. "Billy" was in a wreck on the "Katy" road. He was in a head-on collision and had his right leg mashed so that amputation will be necessary at the knee. He was firing on that road when the accident occurred, and in attempting to jump he was caught between the cab and tank.

I think, however, that he will pull through. He is getting along finely at this writing. His friends in writing to him will please send their letters to W. H. Staugh, in care of Arthur Bly, Sapulpa, Ind. Ter.

"Billy" Staugh had many friends in Newark who will be sorry to learn of his misfortune. He was a former member of company G, of this city, and is also a Spanish war veteran.

Owes His Life to a Neighbor's Kindness.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by all druggists.

## OUTING

FOR BOARD OF TRADE MEN ON THURSDAY.

Free Transportation and Lunch and a Suitable Program at Buckeye Lake Park.

The Newark Board of Trade is arranging to have its first annual outing at Buckeye Lake Park on next Thursday afternoon, beginning at 2 o'clock. Invitations have been mailed by the president and secretary to the active members of the Board of Trade, requesting them to meet at the Interurban office on North Park Place at 2 o'clock Thursday afternoon, September 24, where special cars carrying them to Buckeye Lake will be provided. The directors desire the announcement that any citizen who will join the Board of Trade and pay the annual fee of \$5 is invited to join the party. At the Brennan's hall meeting last winter several men signified their intention of joining the Board, but have not as yet come so.

Free transportation to and from the lake will be provided and free lunch will be served at the lake by Colonel W. C. Wells. Everything will be free and the officers of the Board announce that the "hat" will not be passed and nobody will be asked to make a donation or sign a subscription paper. The meeting is for the purpose of getting the men who are interested in the growth and development of Newark closer together. A suitable program is being arranged and a good time is assured.

In order that arrangements may be made for all members of the Board who will attend the outing are requested to notify Secretary C. W. Miller, attorney, not later than Wednesday afternoon.

## INJUNCTION

RESTRAINING MRS. HAMMOND FROM PROSECUTING CASE.

The Question of Jurisdiction of Probate Courts in Divorce Cases to be Settled.

In the case of James B. Hammond against Ina M. Hammond, filed in the common pleas court Tuesday afternoon by Attorneys Charles W. Montgomery and Kibler & Kibler, an injunction was obtained from Judge Seward restraining and enjoining the defendant, who is the wife of the plaintiff, and her attorneys, from prosecuting in the probate court a suit begun in the probate court for divorce by the wife against the husband last August, on the ground that the probate court, under the decision of the common pleas and circuit courts, has no jurisdiction to grant divorces. The plaintiff, some time ago, filed in the probate court a demurrer to the defendant's petition for divorce on the ground that the law attempting to confer jurisdiction upon probate courts in divorce cases was unconstitutional. This demurrer was overruled by the probate court last week.

The suit filed Tuesday will raise a very interesting and important question, and will be watched with interest by the bar generally and divorce litigants.

## CORN CROP

Will be a Fr From a Failure Says the Secretary of Agriculture, James Wilson.

Chicago, Sept. 22.—Secretary of Agriculture Wilson said last night that the corn crop would be far from a failure this year.

"The yield will not be large," said the secretary, "but it will equal that of last year, and will greatly exceed the expectation of the pessimists."

Secretary Wilson is on his way to Washington. He has been west, attending the irrigation congress in Ogden, and visiting the western corn lands.

"The prospects for a fair corn crop are much better now than they were at the same time last week," said the Secretary. "Then killing frosts were heralded and the farmers were frightened. I paid close attention to the corn crop on my journey through the west."

## PITCHER'S POWER IN MAGNIFICENT FOREARM.

Pitcher Robert Wicker, now of the Chicago Microbes, had indifferent success with the St. Louis Cardinals this season, but Manager Pat Donovan let him out. Wicker told him he was in good form to twirl winning ball. The decree separating Wicker from Robinson's cash was issued, however, and Chicago secured a gem for the asking. Wicker's work in the box has demonstrated that he knew what he was

ROBERT WICKER.

talking about when he said he was in form. St. Louis people refuse to be comforted when they read about Wicker's many winning games, and, next to Weimer, he stands as Chicago's winner. Wicker prays to be as tall as Victor Willis of the Boston Nationals, for he says that if he was two inches taller he could pitch still more effective ball. As it is he jumps to his tiptoes to get a swing for his tremendously swift curve around the outer edge of the home plate. He uses his forearm in pitching very much like Christy Mathewson did before being taught by "Iron Man" McGinnity to utilize the body in supplying power behind the ball. The result is that Wicker's forearm is vastly developed. From the elbow to the wrist his arm is as hard as oak. Wicker also sees the value of bringing the body into play to aid his arm in pitching. He was formerly with the Dayton (O.) team, in which place he demonstrated his fitness for fast company. Wicker's home is in Bedford, Ind.

During last year electrical railway companies ran their cars eleven times the distance from the earth to the sun, killed 1,218 persons and injured 47,429.

Statistics gathered at Princeton Theological Seminary show that 41 members of the association died last year at an average age of 68 years.

Gloaks, Furs, Suits, Dress Goods,  
Silks, Hosiery, Underwear, Carpets,  
Draperies, Furniture, Wall Paper.

## A Beautiful Souvenir to all Who Attend.

**First Floor** Here you will find all lines which are to be found in an up-to-date Dry Goods House. The extreme left isle is devoted to Dress Goods, Silks and Velvets. You will find these the best productions of the world's looms.

Opposite this department is the Notion and Dress makers supplies, leather goods, belts, purses etc., while in the rear of same aisles will be found the hosiery department. Stairs to the right, here are to be seen the choicest of the lace-makers art, dress trimming in overwhelming varieties, embroideries, etc. Opposite this department are the corsets and gloves. First aisle to the left, on the right are the handkerchiefs, ribbons and veiling. On the left or opposite will be found the toilet department, talcum powders, perfumes, soaps, sponges, combs, brushes, in fact everything one would need for the toilet. Same aisle, but to the rear, you will find the underwear department, both knit and muslin underwear.

On the extreme right or next to the wall are the linens and domestics. You will find this department interesting. Opposite this department is the infants wear, the most complete line of the kind. The same aisle, but to the rear, you will find the ready-to-wear waists, wrappers, house gowns, skirts and children's dresses.

The Art Department of which you have heard so much about is across the front and to the left as you enter, and parallel with the big show window, this department contains everything you might want for fancy work, also a complete assortment of designs complete to illustrate the various materials and how they are to be used. The same position on the left is occupied by the Men's Furnishing department.

**Second Floor** As you step from the elevator you will find yourself in the Cloak, Fur and Suit department, walk straight to the front of the department and there you will find the rest room with its comfortable Turkish cozy corners and easy chairs; here we invite you to rest awhile and make yourself perfectly at home. Carpets and draperies are to the left as you leave the elevator. Wall paper to the right.

**Third Floor** Is devoted to Furniture, also the display rooms showing new ideas of house furnishings wall and floor coverings. Before you leave visit the house furnishing department in the basement. If there is anything you thought we should keep and you did not see it on the other three floors, then will surely find it here. It would be impossible to itemize this department here. You will find among these queensware, glassware, lamps, china, tinware, graniteware, wooden and willow ware, stoves and ranges, hardware, cutlery and many other articles to numerous to mention.

**FUNERAL**

Of Mrs. Katherine Kromer Takes Place on Thursday Afternoon at Two O'Clock.

Mrs. Katherine Kromer, widow of the late Rev. Johannes Kromer, formerly pastor of the German Presbyterian church of this city, died on Monday noon at her home, 22 German street, after an illness of some time with stomach trouble.

Mrs. Kromer, whose maiden name was Katherine Hooftwith, was born January 26, 1841, in Pleinigen, Wurttemberg, Germany, and was therefore aged about 62 years. In 1864 she went to Africa where she married Rev. Johannes Kromer, in Akropong, Gold Coast, and where she remained for eight years, working as a missionary with her husband, when they came to America, settling in Brooklyn, N. Y., where they remained for one year and then came to Newark 31 years ago.

Mr. Kromer died on April 11, 1891. While a missionary in Africa Mr. Kromer translated the Bible into the language of the natives to whom he was ministering, which was an exceedingly arduous task, taking a great deal of time, patience and industry.

Soon after coming to Newark Rev. Mr. Kromer became the pastor for the German Salem church, and remained as such for over 25 years, receiving much assistance and encouragement from his beloved wife.

The deceased leaves six children to mourn her death. They are T. H. Kromer, of Canton, O.; Mrs. L. Sampson, Granville; Emanuel Kromer, Newark; Mrs. Pauline Clark, Columbus; Ernest G. Kromer, Pittsburg, and Mrs. J. C. Harter of Newark. Besides these she leaves eleven grandchildren.

The funeral will take place from the German Presbyterian church at 2 o'clock on Thursday afternoon, and services will be conducted by the Rev. W. A. Berger, pastor of the German Presbyterian church, and Rev. L. S. Boyce of the First Presbyterian church. The interment will be made in Cedar Hill cemetery.

The deceased was one of Newark's most highly esteemed Christian women, and her death will not only be mourned by the immediate members of the family, but by a large number of friends. The sympathy of all is extended to the members of the bereaved family.

**SCHOOL BOARD**

Superintendent Report: 1000 Pupils in the Newark Schools at the Present Time.

The board of education met Monday night in regular session.

The bids for furnaces for the new building in the North End were read: Joseph Dries, an epileptic, was refused admission to the Newark schools, and Superintendent Townsend recommended sending him to a state institution.

Bills to the amount of \$129.52 were allowed.

Misses Carrie Belle Messenger, Edith I. Blasdel and Anna M. Lyon, were placed on the contingent list.

On motion, all schools will close on Friday of fair week.

Miss Kate Foos was transferred from the sixth to the seventh grade at Central building.

Superintendent Townsend was re-elected a member of the city board of examiners for three years.

Superintendent Townsend reported 3,160 pupils in the Newark schools.

**AT THE OLD HOMESTEAD.**

Schaller Bros., proprietors of the "Old Homestead" saloon and restaurant on West Main street, have just completed the work of remodeling their billiard and pool room, so that it is now thoroughly up to date in all its equipments and appointments. The tables and cues are new and the room has been tastefully painted and decorated.

**BOYS**

Were Preparing to Play "Two Little Vagabonds" When One of Them Was Fatally Shot.

Bloomington, Ind., Sept. 22.—Silas Canada, 15 years old, was shot through the head last night and is dying, the accidental shot having been discharged by Bridge Nichols, who did not know the young man was near.

"The Two Little Vagabonds" were preparing for the first act of the play, and Bridge Nichols, who has charge of the properties, picked up two revolvers that were in the back of the flies to be used in the third act. He did not know they had cartridges of any kind in them, and in working with the weapons one was discharged. Canada, on the pavement a few feet away, fell to the ground. Walter Bolt was with him, and in an instant realized that the boy had been hit and cried for help.

The boy was carried to a house across the street, unconscious, and is now dying.

The ball struck the floor and glanced. Nichols did not know a bullet had been fired from the gun until he heard the call for help. Nichols is frantic with grief. Nichols is a member of company B, military company, and of the regimental band. Canada lives here and had come to attend the show.

The amount of human labor now required to produce a bushel of wheat from beginning to end is on an average only 10 minutes and the cost of such labor is 3 1-3 cents.

Porto Rico sent to the United States within a year \$7,466,579 worth of sugar and Hawaii \$25,310,584 worth. These two amounts equal one-fifth of the sugar we consumed.

In Colombia railroad section men get 50 cents a day, common laborers 30 cents, street car men 60 cents and dairy hands 40 cents. The highest wage is \$1 a day, paid to steamer engineers.

Mrs. Humphrey Ward, the novelist, has founded a vacation school after American models in a garden loaned for the purpose by the Duke of Bedford in Bloomsbury, one of the poorer districts of London.

The German government will introduce in the Reichstag a bill requiring saloonkeepers to sell non-intoxicating hot and cold drinks and cold foods. Credit will be forbidden and the number of barmaids limited.

During the summer large numbers of women come from Poland, Silesia and Galicia to Central Germany to work in the sugar-beet fields. They are driven in gangs by a male overseer and receive 35 cents a day and board.

Water pipes lined with chinaware and which are embedded in cement in iron pipes are being used in Coburg, Saxony. They are thought to be indestructible.

Emile Berliner, well known for his microphone-telephone transmitter, the gramophone and other inventions, announces that he has devised an aeroplane.

A farmer in the central West who uses a small traction engine and a gang of 14-inch plows says that it costs him 50 to 62 cents per acre to break his ground.

Columbus, O., Sept. 22.—Governor Nash today appointed Hon. F. A. Derrick, of Mantua, O., Portage county, to fill the vacancy on the board of control of the Ohio Agricultural Experiment station at Wooster, caused by the death of Friend Whittlesey.

Holyoke, Mass., Sept. 22.—Four men blew open the safe at South Hadley Center postoffice at 2 o'clock this morning and secured \$1,000 worth of stamps. They wrecked the safe and the inside of the office. They then made their escape. This is the third time in five years that the office has been robbed.

Bogota, Sept. 22.—Congressmen in an effort to secure a large sum of money from the Panama canal company, besides an increased payment from the United States have apparently let the last day go by without taking favorable action. The Colombian government has however, through Minister Herran, anticipating the failure of this treaty, suggested to the United States a continuation of the negotiations looking to the adoption of another convention. No reply has yet been made by the United States to this proposition.

Washington, Sept. 22.—Both sides of the controversy regarding President Roosevelt's recent order whereby an "open shop" is declared to be the policy of the government, have now been presented to the executive council of the American Federation of Labor. The central labor union of Washington has asked for approval by the American Federation of Labor of the course taken by it in urging the President to rescind or modify his order. On the other hand, a strong protest against the action of the central labor union has been received by President Compers of the American Federation of Labor from President Whitmore of the Stereotypers' union and employees of the government printing office. Whitmore characterizes the central labor union's move as a blunder.

Newport News, Va., Sept. 22.—A. H. Gilmore, a newspaper man of this city, has made application to the patent office at Washington for patents on a remarkable invention which he believes will revolutionize navigation by steam power. The inventor proposes to place the propeller wheels or screws at the bow instead of the stern end of the vessel. He claims that the device will produce double the present speed at about one-half the cost.

"I believe," he said today, "that I have solved the problem of rapid transit by water. The principle of my invention is very simple. A cart can be drawn much more easily than it can be pushed. Now, that's exactly what I propose to do to the steamboat. Don't push it; pull it. It will go much faster at less expense."

The invention is regarded as a freak by the mechanics and shipbuilders here, to whom it has been exhibited.

In Auto Business in Newark, Mr. Jas. Mills, Has a Handsome New Machine.

Mr. James Mills, the pioneer chauffeur and well known automobile dealer, had on our streets Tuesday one of the handsomest cars ever seen in Newark. The machine is a Cadillac gasoline, 8 horse power with a tonneau, the whole weighing about 1500 pounds.

The car is a handsome one, painted red, with appropriately colored trimmings and upholstery.

Mr. Mills has this make machine for sale, as well as the Elmore, Waverly, Electric and other makes that are the best on the market.

He is himself an expert driver and also possesses a thorough and complete knowledge of the mechanism of every machine handled by him. This gives him a great advantage over dealers who do not possess this technical knowledge, which he uses for the protection of a customer, who buys a car of him.

Mr. Mills was the first dealer to bring an automobile to Newark, had the first steam, gasoline and electric cars, and now has the first tonneau.

Chicago, Sept. 22.—Cattle, 5,000, steady; hogs, 11,000, steady to strong; sheep, 20,000, 10 and 15c lower.

**EAST LIBERTY.**

Heer's Island, Sept. 22.—Today's cattle liberal; slow; sheep fair; slow; hogs demand good; active and higher.

(By Lockridge & Co.'s Special Wire.)

Chicago, Sept. 22.—Wheat—The pits were rather quiet affairs all around compared to the activity of the past few days. There was a disposition to play for higher prices, and after the first dip which followed the opening, prices were better. The bullish feature was the decreased exports and firmer cables, especially those from Paris, which were higher. Weather continues fine. The prospects of a millers' strike at Minneapolis is a bearish influence. Sentiment at the close was divided, but the majority of the local crowd thought that a substantial rally was due. The closing prices were about 1-2 cent above yesterday's. We believe any advance will only be temporary; exports not liberal enough to create a buying interest.

**CORN.**

The early market showed some weakness and prices got a little lower than yesterday, but taking it all together there was considerable strength in corn all day. The general disposition is to try the long side again around 47 cents. Both options seem a purchase. The shipping business was larger, over a million bushels, and country offerings were light. There is expected frosts in the far northwest, and while remote, it creates some little uneasiness. A break of six cents a bushel is large and we believe purchases made now will yield profits.

**OATS.**

Oats look good to us. The decline in sympathy with corn gave opportunities to purchase. Buy May oats and let them lay 30 days and see if you don't make a big profit.

**STOCK.**

Probably one glancing at today's fluctuations would be willing to size it up in one short sentence, saying, "nothing doing." This would not be far from the facts of the case, but often when there is an apparently total apathy and dullness as far as the vision can discern, there may be actually "something." We understand from a reliable source that the Morgan interest quietly picked liquidated Steel stock for the past week and the bears that made a final drive yesterday tried to cover even, but took losses this morning. Anyway, Steel advanced over a dollar from yesterday's low and held the greater part of it. There is no doubt but Pittsburg holders have been forced to let go their holdings through over-speculation and promoting, not only on their Steel securities, but other stocks. The situation has cleared and don't believe any more liquidation will be found. Steel at \$18 per a share pays 2 1/2 per cent on the investment if bought outright; if borrowed by our broker and carried on a 5 per cent margin it yields 60 per cent. Don't it strike you as cheap? The railroads were firm early, but owing to the absence of any demonstration, prices sagged a little in the closing hour. Market is narrow, but looks like a purchase.

The White Stars defeated the Rutledge Bros. by a score of 11 to 5 on the White Star diamond Monday. The White Stars batted Garrison and Smith all over the field. Batteries—White Stars, Smith and Wise, Rutledge, B. Garrison, Smith and Neihls.

## Football Meeting.

Members of the Y M C A football team and those who intend joining the team are requested to meet at the Y M C A gymnasium this evening for practice. A game will be played Saturday with Denison's second team.

## WILL LEAD OBERLIN ON THE GRIDIRON.

Oberlin, O., Sept. 22.—Lucius S. Miller captain of the Oberlin football

team, has played left halfback for two seasons and was substitute quarter and halfback in his freshman year. He is 22, weighs 155, and is 5 feet 6 1-2 inches. He learned the game at Crookston, Minn., playing upon his high school team four years. In defensive work he is above par, while for consistent ground gaining ability he is one of the best halfbacks Oberlin ever developed. Besides playing football, he is a track athlete, holding the Oberlin record for the broad jump, 21 feet 6 2-5 inches, and captaining the track team in his sophomore year.

## THE SICK.

Should use Great Seal Paine Laxative.

## PURITY.

Rev. L. O. Thompson will fill his regular appointment at Eden next Sunday morning and evening.

Miss Elizabeth Hawke and niece, Miss Della, left Saturday for a visit with Morrow county friends.

Mrs. Pearl Deak and daughter, Miss Indus, of St. Louis, spent last week with Mr. and Mrs. G. W. Marriott. Jake Mills started out with his hay press Monday morning.

Jesse Hawke cut his leg to the bone with a corn cutter Monday morning.

Orster Bay, Sept. 22.—The President had no visitors today. Secretary Loch

genizes the report that the President has arranged with the labor leaders for a conference at the Miller case when he returns to Washington.

Chicago, Sept. 22.—Alison S. Sherman, aged 92, Chicago's oldest living ex-mayor, died at Waukegan, Ill., this morning of senility.

Mr. Sherman had been failing for several weeks. He was Chicago's eighth mayor, serving in 1911. He also served several terms as chief of the fire department.

Louisville, Ky., Sept. 22.—Judge Asher G. Caruth, of the criminal court, has told the September grand jury to return an indictment against George Warner for the killing of Polaski.

## It's Not Witchery

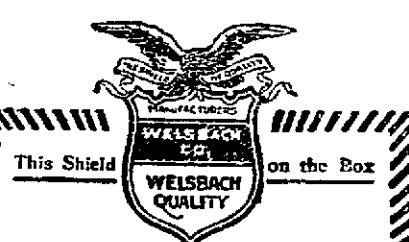

But a statement of plain fact when we say that "Russo" is not a temporary relief, but a permanent cure for rheumatism and neuralgia. If you have lame back, stiff, swollen joints or rheumatism in any of its forms you should get a bottle of

## Russo Rheumatism Cure.

It relieves the pain very quickly, reduces the fever and eliminates the poison from the system, preventing recurring attacks.

Don't ask for a mantle—ask for a Genuine Welsbach with the Shield of Quality on the box. Five kinds—15, 20, 25, 30, 35 cents. All Dealers.

## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

## THE RAILWAYS

## BOILER MAKERS STRIKE FOR AN INCREASE.

New Highwater Mark in B. & O.—Newark-Zanesville Electric Line. Day's Local News.

Indianapolis, Ind., Sept. 22.—The boiler makers of the Chicago division of the Big Four employed in the Brightwood shops, have gone on strike because their demand for an increase of two cents an hour was not granted. They are receiving 32 cents.

Members of the union say the strike will be general and that boiler makers in the shops at Bellefontaine and Delaware, O. Mt. Carmel and Mattoon, Ill., and Wabash, Ind., have quit work. Committees representing the firemen, conductors, brakemen and engineers of the Big Four system who have been in session here several weeks, will probably finish their work today. They will all ask an increase.

James S. Morris, chairman of the conductors, said: "The Big Four has always dealt fairly with us, and we are not expecting any trouble this time."

It is understood that General Manager Schaff has given the men to understand that he will deal with the unions separately not as a federation.

## Electric Road.

Attorneys Johnson and Browning, Engineer Buel and Right-of-Way Man Robinson, of Newark, drove over the Nicholas Dantz property in Falls township yesterday preparatory to the condemnation suit that the attorneys are to try before a jury in Judge Jennings' court Friday for the Columbus, Newark and Zanesville electric railroad.—Zanesville Times-Recorder.

## B. &amp; O. Earnings.

The August earnings of the B. & O. railroad company make a new high water mark for that railroad. The gross earnings, \$5,987,785, an increase of \$493,047; the net earnings were \$2,422,947, an increase of \$291,365, a showing that will bear favorable comparison with lines of similar earning capacity. The total earnings of the

system which includes companies not wholly owned but directly operated by the B. & O. company, were \$6,499,201, an increase of \$460,090; the net increase \$285,733. The rates of companies operated to the gross earnings was 58 5-10 per cent as against 60 per cent in July. The first two months of the fiscal year shows increase in gross earnings for the entire system of \$1,237,531, a net increase of \$631,540.

## CORBETT SAVES WOMEN'S LIVES

Bay Side, L. I., Sept. 22.—The presence of mind of James J. Corbett, who returned from the west, probably saved his wife and Mrs. Kelly, a friend of hers, from death.

When Corbett reached the railroad station here at noon he was met by Mrs. Corbett and Mrs. Kelly, who were waiting to drive him home in a surrey. Harnessed to the vehicle was a high-spirited horse owned by the pugilist.

Corbett took the reins and started out Bay Side boulevard at a fast clip. When they were opposite the residence of Mr. Park, the right rein suddenly snapped.

Corbett, quick as a flash pulled upon the left rein, turning the horse upon the Thompson lawn.

As the horse trotted across the lawn the carriage struck a terrace and was overturned.

Mrs. Corbett and Mrs. Kelly were thrown out on their heads while Corbett, jumping, landed on his feet.

Neither woman was seriously injured.

## Fearful Odds Against Him.

Redridden, alone and destitute. Such, in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief.

At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery." Best on earth for Liver and Kidney troubles and all forms of Stomach and Bowel Complaints. Only 50c. Guaranteed by Frank D. Hall, druggist.

## WOULD THAT EVERY FAMILY KNEW ITS VALUE.

The Wish of the Ursuline Sisters of Waterville, Me., in Indorsing Father John's Medicine for the Cure of Consumption.

"We, the undersigned cheerfully recommend and endorse the use of 'Father John's Medicine' as a sure and immediate relief for all colds, throat and bronchial trouble, having used it with success for one of the members of our institution that was threatened with consumption of the throat. Hearing of the excellence of Father John's Medicine, we made a trial and are glad to state that, after taking three bottles a decided change took place, having recovered her voice, which had been impaired for nearly two years. In a word, it is the only remedy that helped her. Would that every family knew its value. (Signed.) Ursuline Sisters, Ursuline Convent, Waterville, Me."
